

4/9/25 SCRUM MEETING

All Present

Individual:

- Makaela
 - o Last Week: Pins on Map Page, Results (Events)
 - o This Week: Space out Pin Clusters, Results (Clubs)
- Mia
 - o Last Week: Clicking on events opens them in new tab, Able to save events
 - o This Week: RSVP, Error Messages, Web Scraping
- Julia:
 - o Last week: Events show in sidebar, Made sidebar pretty
 - o Upcoming Week: Continue UI and Front End, Clicking on Map Pins
- Jules
 - o Last Week: Commenting Function, Event Bugs,
 - o This Week: Persistent Login Across multiple pages, My Events Page, Web Scraping
- Jessie
 - o Last Week: User Login, UI Edit Profile Page, Debugging User Save
 - o This Week: Debug Register/Login, Scripting for Profile Page, Update Login Interfaces

Feedback:

- Make my events page have some sorting or functionality
- Web Scraping is best
 - o Manual can be a backup
 - o Would put us in a good place grade wise
- Less Login/Register/Profile Effort (Save for Last Week)
- For register and Login: Don't have password viewed
- Take away old events button on nav
